Description

Recent Arrival! Beautiful one owner vehicle. Hard to find two door. Excellent condition. 2023 Land Rover Defender 90 S
The two thousand twenty-three Defender ninety S marries legendary off-road capability with modern luxury, presenting an iconic silhouette designed to turn heads on every excursion. Finished in deep Santorini Black, this two-door utility vehicle projects an imposing presence further enhanced by the Bright Exterior Package, which introduces refined architectural accents to the rugged exterior profile. Optional twenty-inch silver wheels provide a striking contrast against the dark paintwork while maintaining a timeless aesthetic. Above, the sliding panoramic roof opens the cabin to natural light and fresh air, elevating the open-air driving experience whether navigating urban avenues or scenic coastal highways.

Performance is driven by a responsive turbocharged powertrain mated to a smooth eight-speed automatic transmission and a permanent intelligent all-wheel-drive system. Advanced chassis dynamics deliver a composed ride quality, offering agile handling characteristics and effortless power delivery across varying road surfaces. The mechanical layout ensures confident traction in adverse weather conditions, supported by sophisticated electronic management systems that optimize grip and stability seamlessly.

Inside, the cabin is swathed in premium black leather upholstery, creating a refined sanctuary that balances utilitarian durability with high-end craftsmanship. The layout emphasizes ergonomic clarity, featuring supportive seating arrangements and intuitive controls positioned perfectly for the driver. Ample glass area combined with the overhead sliding roof creates an airy, expansive feel throughout the interior space.

Technology integration centers around an advanced infotainment interface complete with intuitive touch controls, seamless smartphone integration, and crisp digital displays. Real-time vehicle telemetry, comprehensive camera views, and advanced connectivity options keep occupants informed and entertained on every journey. The digital cockpit architecture ensures essential driving metrics are delivered with absolute clarity.

Advanced safety features provide peace of mind through a comprehensive suite of active driver assistance systems.

Technologies include emergency braking, lane keep assistance, blind-spot monitoring, and a 360-degree parking aid system designed to maneuver tight spaces effortlessly. Robust structural engineering and multiple airbags further safeguard all vehicle occupants.

Convenience and comfort are prioritized through the inclusion of the Cold Climate Package, which equips the vehicle with heated elements designed to combat freezing temperatures. Dual-zone automatic climate control, keyless entry, power-adjustable seating, and generous storage solutions ensure effortless daily operation. Every element of the interior layout is thoughtfully engineered to maximize occupant well-being on short commutes and extended road trips alike.
