Description

Reacquired Vehicle. Balance of Factory Warranty. Recent Arrival! 2025 Land Rover Range Rover SE LWB Green Experience the 2025 Range Rover Long Wheelbase SE, a vehicle that redefines what it means to travel in absolute luxury. From the moment you approach, its sculpted lines, commanding stance, and flawless proportions announce that something truly special has arrived. This is more than a luxury SUV. It is a statement of taste, capability, and refined confidence, crafted for those who expect the very best from every journey. Inside and out, every detail has been considered, and every surface invites you to look a little closer.

Under the hood, a powerful V8 engine delivers smooth, effortless performance whether you are cruising the open highway, navigating city streets, or merging with confidence. Power arrives with quiet authority, giving you the poise and presence that only a Range Rover can offer. Every drive feels composed, refined, and wonderfully relaxed.

The Long Wheelbase design extends the interior to create a spacious cabin with seven-passenger seating, so family, friends, and colleagues can all travel in comfort. Every seat is a place of indulgence, with heated, cooled, and massaging functions to soothe away the miles and keep every passenger perfectly comfortable in any season. Long road trips and airport runs become something to look forward to rather than endure.

Cold weather is no match for this Range Rover. The Cold Climate Package is designed to make winter mornings and chilly adventures far more pleasant, helping you stay comfortable when temperatures drop. Getting in and out is equally graceful thanks to the deployable side steps, which extend smoothly when you need them and tuck neatly away when you do not, making entry effortless for every passenger.

Bold 23-inch black wheels give this SE an athletic, modern

presence that turns heads in any parking lot or on any boulevard. The dark finish adds striking contrast and a confident, contemporary edge to the Range Rover's elegant silhouette. Paired with its signature poise, they create a look that is both commanding and graceful.

Step inside and let the Meridian 3D Surround Sound system transform your cabin into a private concert hall. Rich, detailed, immersive audio surrounds every passenger, bringing your favorite music, podcasts, and calls to life with exceptional clarity and depth, whether you are crossing town or crossing the country. It is an audio experience that makes every drive feel like an event.

Even the details feel extraordinary. The SV Bespoke wood and leather steering wheel is a beautifully crafted touchpoint that blends natural warmth with tailored craftsmanship, adding a distinctive, hand-finished character to the driver's seat. It is the kind of detail you notice every time you reach for the wheel.

Luxurious, capable, and unmistakably Range Rover, this 2025 Long Wheelbase SE combines V8 performance, seven-passenger versatility, and a lavish list of comfort and convenience features in one remarkable package. Vehicles of this caliber do not stay available for long. Come experience the craftsmanship, comfort, and capability that have made the Range Rover an icon of luxury. Schedule your test drive today and discover the difference for yourself.
