Description

Reacquired Vehicle. Balance of Factory Warranty. Recent Arrival! 2025 Land Rover Range Rover SE Green.
This pre-owned Land Rover Range Rover SE seamlessly merges iconic styling, modern sophistication, and effortless capability. Dressed in a striking Belgravia Green exterior over a warm, opulent Caraway leather interior, this flagship vehicle represents the pinnacle of refined automotive luxury. With low mileage on the odometer, it offers an incredible opportunity to experience legendary craftsmanship and serene driving dynamics in a truly modern luxury SUV.

Performance
Under the hood, a potent powertrain provides relentless acceleration paired with ultimate refinement. The cornerstone of its smooth ride is the standard electronic air suspension, which continuously monitors road inputs to neutralize bumps and body roll. Coupled with an intelligent all-wheel-drive system and advanced terrain management technologies, this vehicle delivers unwavering stability, whisper-quiet highway cruising, and sharp, responsive handling through every corner.

Design
The exterior design is characterized by clean surfacing, flush glass, and classic Range Rover proportions, further elevated by the stunning Belgravia Green finish. Massive, bold wheels fill the wheel arches to establish a commanding profile and powerful stance. Up front, state-of-the-art Pixel LED headlights provide ultra-bright, intelligent illumination that adapts to oncoming traffic while creating a sharp visual identity. Inside, the cabin features supple Caraway leather spanning the seats, dashboard, and door panels for an inviting atmosphere.

Technology
At the heart of the interior is an intuitive, high-resolution infotainment display that serves as the central command hub for navigation, media, and vehicle settings. A fully digital driver information display sits directly behind the steering wheel, presenting key trip details and route guidance with crisp clarity. High-definition digital audio surrounds every seat with immersive sound, while seamless smartphone Integration keeps you connected to your favorite apps without distraction.

Advanced Safety Features

Designed with comprehensive occupant protection in mind, this SUV features a robust suite of active driver assistance systems. Front and rear radar sensors work Alongside intelligent camera arrays to monitor surrounding traffic, assist with lane centering, and provide early warning protection. Surround-view camera technology provides clear overhead visibility of the vehicle's surroundings, making tight parking spots and narrow driveways simple and stress-free to navigate.

Convenience and Comfort
Every detail inside the cabin is engineered to elevate the daily driving experience. The multi-way power-adjustable front seating offers customizable support for long trips, while multi-zone climate controls allow passengers to tailor their individual temperature preferences. Keyless access, soft-close doors, an expansive cargo hold, and a split power tailgate ensure complete convenience whether you are running quick errands around town or embarking on an extended cross-country journey.

Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business. This begins by being 100% committed to putting our customers first and offering complete transparency with every transaction.
