Description

2024 Land Rover Defender 110 X-Dynamic SE Some SUVs are designed to handle the daily commute. Others are built to conquer mountains, cross deserts, and survive the apocalypse. The 2024 Land Rover Defender 110 X-Dynamic SE somehow manages to do all of that while looking like it just stepped off the cover of a luxury lifestyle magazine. This Defender is the perfect combination of rugged capability and premium comfort. It has the unmistakable presence that makes people take a second look in parking lots and wonder if you're headed to a business meeting, a ski lodge, or an expedition across an unexplored continent. The answer can simply be, 'Yes.' Inside, you'll find a cabin that proves adventure and luxury can absolutely coexist. The 12-Way Heated Cooled Electric Memory Front Seats keep you comfortable no matter what the weather has planned. Freezing winter morning? Heated seats. Hot summer afternoon? Ventilated seats. Sharing the vehicle with another driver? The memory settings save your favorite position so there's no need to spend five minutes readjusting the seat every time. The advanced Connected Navigation PIVI Pro System puts powerful technology right at your fingertips, while Apple CarPlay and Android Auto make it easy to access your favorite apps, music, messages, and maps. Whether you're navigating downtown traffic or searching for that hidden trailhead you found online at 2 a.m., this Defender has your back. When it's time to turn up the volume, the 400-Watt Meridian 11-Speaker Sound System with SiriusXM delivers incredible sound quality throughout the cabin. Every playlist sounds better, every podcast sounds clearer, and every passenger suddenly becomes a music critic. Above you, the Power Moonroof fills the cabin with natural light and fresh air, making every drive feel a little more special. Combined with the spacious Defender interior, it creates an open, airy atmosphere that's perfect for long road trips and weekend adventures. The exterior is equally impressive, rolling on bold 20-Inch Satin Dark Grey Alloy Wheels that perfectly complement the Defender's iconic design. Tough, modern, and instantly recognizable, the Defender doesn't just blend into traffic. It dominates it. The premium touches continue with a Heated Leather Steering Wheel and Leather Shift Knob, because cold hands should be reserved for ice cream cones, not morning commutes. Every detail reminds you that this is no ordinary SUV. Safety and confidence come standard thanks to 4-Wheel ABS Disc Brakes,

Electronic Stability Control, Traction Control, and an Exterior Rear Parking Camera that helps make parking easier, even when your audience is watching. Add in Rain-Sensing Wipers and Auto High-Beam Headlights, and the Defender is constantly working behind the scenes to make driving simpler and more enjoyable. Whether you're tackling rough weather, loading up for a weekend escape, or simply making an entrance at your favorite restaurant, this 2024 Land Rover Defender 110 X-Dynamic SE is ready for the challenge. It offers rugged capability, modern technology, premium comfort, and unmistakable style in one incredibly impressive package. Adventure-ready, luxury-equipped, and loaded with desirable features, this Defender proves you don't have to choose between capability and comfort. The only difficult decision left is figuring out where you'll drive it first. And with a vehicle this capable, 'everywhere' is a perfectly acceptable answer. As always, you've got a friend at Montrose.
