Retailer Comments

The Discovery Sport is a bold and capable vehicle. With an optional third row and second row folded down, there is a maximum of 60 cubic feet available in the cargo area. Land Rover gear and accessories can make this your most universally capable vehicle. The Discovery Sport features the All-Terrain Progress Control system, which helps drivers maintain focus and control on the path ahead without worrying about the vehicle's movement forward. You are busy and sometimes need an extra hand, and the tailgate can be opened with a kick of your foot, making it easy to load and unload during those road trips or grocery store visits before family comes to town. 2020 Land Rover Discovery Sport SE Grey SE 4WD 9-Speed Automatic 2.0L I4 Turbocharged Elite Package, Grand Tour Package.
