Description

The 2026 Land Rover Range Rover Evoque S delivers refined capability with striking design, offering a premium compact luxury SUV that combines sophistication with practical performance for discerning drivers.

- 12 Speakers with Meridian Sound System
- Apple CarPlay & Android Auto
- Navigation system: InControl Navigation Pro
- 12-Way Heated Electric Front Seats with Driver Memory
- Power Moonroof
- Leather steering wheel and shift knob
- InControl Protect emergency communication system
- Auto-dimming rear-view mirror with compass
- Heated door mirrors with turn signal indicators
- 18" alloy wheels
- Four-wheel independent suspension
- Electronic Stability Control with traction control
- Dual front and side impact airbags

- Power liftgate
- Rear parking camera

This Evoque S arrives meticulously maintained with just over 8,200 miles, presented in elegant Black exterior that showcases its contemporary design language. The 2.0L turbocharged engine pairs with a 9-speed automatic transmission and all-wheel drive to deliver responsive handling whether navigating urban streets or venturing beyond conventional routes. Real-world efficiency ratings of 20 city MPG and 27 highway MPG reflect its balanced approach to performance and fuel economy.

Step inside to discover a thoughtfully appointed cabin finished in grained leather, where front bucket seats with 12-way heating and driver memory settings ensure comfort across every journey. The power moonroof opens your connection to the outdoors, while the Meridian Sound System with 12 speakers elevates every drive with premium audio quality. Dual-zone automatic temperature control maintains your preferred cabin environment regardless of external conditions.

Modern connectivity comes standard through Apple CarPlay and Android Auto integration, seamlessly connecting your devices to the intuitive infotainment interface. The InControl Navigation Pro system provides comprehensive route guidance, while the HomeLink garage door transmitter adds convenient home integration. Steering wheel-mounted controls keep essential functions within reach, minimizing distractions during operation.

Safety features include an array of airbags positioned throughout the cabin, four-wheel independent suspension for confident handling, and a comprehensive electronic stability management system. The exterior parking camera and rear fog lights assist with visibility in challenging conditions, while rain-sensing wipers automatically adjust to weather changes. Low tire pressure monitoring and ABS braking systems work together to support confident vehicle control.

The 18-inch alloy wheels support this Evoque's poised stance, complemented by body-color bumpers and an integrated spoiler that complete its premium appearance. Power door mirrors with heating capabilities provide year-round practicality, while fully automatic headlights with delay-off functionality combine convenience with enhanced safety.

This Range Rover Evoque S represents an opportunity to own a meticulously maintained luxury compact SUV that balances style, technology, and capability. We invite you to visit our showroom to experience its refined interior, test its responsive performance, and explore how it aligns with your driving preferences.
