Description

This 2026 Land Rover Range Rover Evoque S delivers refined capability and sophisticated design wrapped in a stunning white exterior that commands attention on any road.- Dynamic Handling Package,- Adaptive Dynamics,- Black Contrast Roof,- Black Exterior Pack,- 21" Gloss Black Style 5078 Wheels,- InControl Navigation Pro,- Meridian Sound System with 12 Speakers,- Apple CarPlay & Android Auto,- 12-Way Heated Electric Front Seats with Driver Memory,- Power Moonroof,- Power Liftgate,- 4-Wheel Disc Brakes with ABS,- Electronic Stability Control,- Rear Parking Camera,- SiriusXM Radio....The cabin reflects Land Rover's attention to quality and comfort. Grained leather seat trim complements the heated front seats with memory positioning for the driver, ensuring every journey begins in comfort. The 12-speaker Meridian sound system delivers rich audio, while Apple CarPlay and Android Auto keep you connected through the intuitive touchscreen interface. Full automatic headlights with delay-off functionality and rain-sensing wipers handle varying

conditions without your intervention. The HomeLink garage door transmitter adds practical convenience to your daily routine. Handling characteristics have been refined through the Dynamic Handling Package and Configurable Dynamics, allowing you to tailor the driving experience to your preferences. The Adaptive Dynamics system continuously adjusts performance, while the four-wheel independent suspension with front and rear anti-roll bars provides composed body control. Speed-sensing steering adapts responsiveness based on your driving speed, making both highway cruising and city navigation intuitive and engaging. The exterior presents a balanced aesthetic with the Black Exterior Pack and Black Contrast Roof creating visual depth, complemented by the 21-inch Gloss Black Style 5078 wheels. Heated power door mirrors with auto-dimming capability reduce glare and enhance visibility in challenging light. Front fog lights and rear fog lights improve visibility in adverse weather, while fully automatic headlights ensure proper illumination without driver management. Safety systems include dual front and side impact airbags, an occupant sensing airbag system, and overhead airbags positioned throughout the cabin. Electronic Stability Control with traction control and brake assist help maintain vehicle control in demanding situations. The emergency communication system through InControl Protect provides additional security and peace of mind. A rear parking camera assists during low-speed maneuvering, while low tire pressure warning helps maintain proper inflation. This Range Rover Evoque S achieves 20 city MPG and 27 highway MPG with its 2.0L turbocharged engine and nine-speed automatic transmission, delivering a balanced approach to efficiency and performance. The all-wheel drive system ensures capable traction across varied road surfaces. With just 5,622 miles, this vehicle is essentially new and ready for immediate enjoyment. Contact us today to schedule a test drive and experience how this Evoque enhances your driving experience.
