Pre-Owned 2023 Defender 110 SE 400 3.0 I6 at Jaguar Land Rover Schaumburg

Available now at Jaguar Land Rover Schaumburg, IL 60194, is this exceptional pre-owned 2023 Defender 110 SE P400, boasting just 36,106 miles. This rugged yet refined SUV commands attention with its classic Fuji White exterior, beautifully contrasted by a luxurious Ebony Leather interior.

This particular model is highly sought-after, featuring several factory options including the hard-to-find Air Suspension Package, Towing Package, Off Road Package, Solar (likely referring to the solar attenuating glass or solar charging capabilities), Interactive Driver Display, and supremely comfortable Heated and Cooled Front Seats.

Performance The heart of this Defender is the potent 3.0-liter Ingenium inline-six (I6) engine, which is part of a Mild Hybrid Electric Vehicle (MHEV) system, delivering a robust 395 horsepower and 406 lb-ft of torque. This power allows the 110 SE to accelerate from 0 to 60 mph in a quick 5.8 seconds, ensuring confident on-road driving. When the pavement ends, the added Air Suspension Package provides adjustable ride height, optimizing clearance for extreme off-roading or lowering for easier loading and highway efficiency. Paired with the specialized Off Road Package and permanent All-Wheel Drive, this Defender is equipped to conquer virtually any terrain. The Towing Package further enhances capability, allowing this SUV to tow up to an impressive 8,201 pounds.

Design This Defender 110 SE seamlessly blends iconic, purposeful design with a contemporary edge. The exterior in brilliant Fuji White highlights the vehicle's rugged architecture, which includes short overhangs and a confident stance, reflecting its capability. Inside, the cabin is swathed in premium Ebony Leather, creating a durable yet sophisticated environment. The rugged materials are balanced with modern amenities, offering a premium experience that remains true to the Defender's adventurous heritage.

Technology The cockpit is a hub of intuitive technology, centered around the Pivi Pro infotainment system. A significant upgrade for the driver is the Interactive Driver Display, replacing traditional gauges with a customizable high-definition screen that relays essential driving, navigation, and media information with crystal clarity. Connectivity is seamless, ensuring you remain linked to your digital life and navigation on any journey, whether traversing the suburbs of Schaumburg or navigating a remote trail.

Advanced Safety Features Built with safety as a core principle, the 2023 Defender includes a comprehensive suite of advanced safety and driver-assistance features. Standard features typically include a 3D Surround Camera, Emergency Braking, Lane Keep Assist, and a Driver Condition Monitor.

Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business. This begins by being 100% committed to putting our customers first and offering complete transparency with every transaction.

Please call us at (847)-252-7800 and ask to speak with one of our Sales Guides and we will be happy to provide you with any additional information you need to make your decision.
