Description

Reaquired Vehicle. Balance of Factory Warranty! 12-Way Heated Electric Memory Front Seats, 3rd row seats: split-bench, Adaptive suspension, Comfort & Convenience Pack, Grained Leather Seat Trim, Heated front seats, Heated steering wheel, Leather steering wheel, Navigation system: Connected Navigation PIVI Pro, Panic alarm, Power moonroof, Premium Cabin Lighting, Premium Interior Protection & Storage Pack (DF301), Rain sensing wipers, Refrigerated Center Console, Security system, Twin Front Cupholders w/Cover, Wheels: 20" Gloss Sparkle Silver Style 5098. 2024 Land Rover Defender 130 S Fuji White. The Land Rover Defender S represents the ultimate expression of the iconic off-roader, offering an extended body that accommodates up to eight passengers without compromising its legendary go-anywhere capability. This specific example, finished in Fuji White with black wheels, has covered low mileage. It remains protected by the balance of its original factory warranty, ensuring peace of mind for its next owner.

Performance

Equipped with an inline-six turbocharged engine and a mild-hybrid system, the Defender S produces ample horsepower and torque. Power is delivered through an automatic transmission to a permanent four-wheel-drive system. The standard electronic air suspension provides a smooth ride on the highway and allows for an adjustable ride height, contributing to significant ground clearance and wading depth.

Design

The exterior's Fuji White paint is sharply contrasted by gloss black wheels, giving this extended-wheelbase SUV a modern and commanding presence. Inside, the cabin features Acorn Grained leather seats paired with a Lunar interior color scheme. The configuration adds length to the rear body, allowing for a full-size third row that comfortably seats adults, along with a sliding panoramic roof that bathes the spacious interior in natural light.

Technology

Central to the dashboard is a touchscreen, which supports wireless smartphone integration. The tech suite includes an Interactive Driver Display, a premium sound system, and an Online Pack with a data plan. Keyless entry, a surround camera system, and Wade Sensing technology further enhance the driving experience both on and off the grid.

Advanced Safety Features

Safety is prioritized with a comprehensive suite of driver-assistance systems. This includes Emergency Braking, Blind Spot Assist, and Lane Keep Assist. Adaptive Cruise Control helps manage long highway stints, while the parking aid and Rear Traffic Monitor simplify maneuvering this large vehicle in tight spaces. Traffic Sign Recognition and a Driver Condition Monitor also come standard to help maintain focus on the road.

Convenience and Comfort

The interior is designed for premium utility, featuring heated electric front seats and multi-zone climate control to keep all passengers comfortable. Durable rubber flooring throughout the cabin makes cleanup easy after outdoor adventures. Additional conveniences include a heated steering wheel, power-folding heated door mirrors, and a versatile folding seat configuration to maximize cargo volume when the third row is not in use.

Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business. This begins by being 100% committed to putting our customers first and offering complete transparency with every transaction.
