Reaquired Vehicle. Free 1 year/12,000 Mile Warranty. Recent Arrival! Adaptive Cruise Control, Air Suspension Pack, Automatic Headlight Levelling, Black Contrast Roof, Black Pack, Ebony Morzine Headlining, Gloss Black Front Grille, Opening Panoramic Sunroof, Premium LED Headlights w/Signature DRL. 2022 Land Rover Defender 110 S Tasman Blue Metallic.

The 2022 Land Rover Defender 110S, finished in a striking Tasman Blue with a sophisticated Black leather interior, represents the perfect blend of modern luxury and legendary off-road capability. With moderate mileage for its year, this four-door adventure icon is well-equipped for both urban commuting and rugged backcountry exploration.

Performance

Powered by a robust engine paired with a permanent all-wheel-drive system, the Defender delivers a smooth yet commanding driving experience. This model is specifically enhanced by the Air Suspension Package, which allows for adjustable ride heights to clear obstacles or lower for easier cabin entry. The Terrain Response system ensures optimal

traction across mud, sand, and rock, making it one of the most capable SUVs on the road today.

Design

The Tasman Blue paintwork emphasizes the Defender's unique silhouette, featuring short overhangs and a vertical rear end that pay homage to its heritage. Inside, the Black leather cabin offers a premium feel while maintaining the rugged durability the brand is known for, with exposed structural elements and a wide, practical dashboard layout.

Technology

This Defender features the intuitive Pivi Pro infotainment system, which stays updated via over-the-air software enhancements. The digital interface includes integrated navigation and smartphone connectivity, while the 3D Surround Camera provides a clear view of the vehicle's surroundings—an essential tool for navigating tight trails or crowded parking lots.

Advanced Safety Features

Safety is a core focus, with the vehicle equipped with a suite of assistance technologies. These include lane keep assist, blind spot monitoring, and emergency braking. The adaptive speed limiter and traffic sign recognition help the driver stay informed, while the wave sensing technology provides real-time depth information when crossing water.

Convenience and Comfort

The interior is designed for versatile utility, offering ample legroom for passengers and a generous cargo area. Key convenience features include power-adjustable heated seats, dual-zone climate control, and a high-quality audio system. The inclusion of the air suspension further elevates ride comfort, absorbing road imperfections for a refined, car-like feel on the highway.

Odometer is 17381 miles below market average!
