with Traction Control The Discovery Sport Landmark delivers steady performance with its turbocharged engine, achieving 19 city and 23 highway mpg. All-wheel drive provides confident handling across varied driving conditions, while the nine-speed automatic transmission ensures smooth gear transitions whether navigating city streets or open highways. Inside, the cabin prioritizes comfort and connectivity. Heated leather seats with driver memory settings adapt to your preferences, and the heated steering wheel adds welcome warmth during colder months. The Pivi Pro navigation system integrates seamlessly with Apple CarPlay and Android Auto, making route planning and entertainment intuitive and accessible. Safety features include electronic stability control, traction control, multiple airbag systems, and an exterior parking camera. The cold climate package addresses winter driving with heated windscreen, heated door mirrors, and comprehensive climate control throughout the cabin. The Landmark trim reflects thoughtful design details, from power liftgate functionality to rain-sensing wipers that adjust automatically. The exterior parking camera and four-wheel independent suspension work together to enhance both visibility and ride quality across terrain. This Discovery Sport combines Land Rover's heritage of capability with modern conveniences designed for your daily drive. We invite you to visit our showroom and experience this vehicle firsthand.
