Description

THE LAST OF THE GREAT V8s. SUPERCARGED. UNAPOLOGETIC.

Some SUVs are built to get you there.

This one makes sure you enjoy every second of the drive.

Introducing this 2019 Land Rover Range Rover Sport Supercharged Dynamic, finished in timeless Fuji White over an elegant Almond, Espresso, and Ivory Windsor leather interior. Under the hood lies one of Land Rover's most legendary powerplants the 5.0-liter Supercharged V8, delivering exhilarating performance with a soundtrack that's becoming increasingly rare in today's automotive world.

With just under 57,000 miles, this California-owned Range

Rover Sport offers the perfect balance of luxury, performance, and everyday usability. As naturally aspirated and V8-powered performance SUVs continue to disappear, examples like this are becoming more sought after by enthusiasts who appreciate what made the L494 generation so special.

Built for Drivers Who Want More
