Description

ONLY 8,650 MILES. A TIME CAPSULE RANGE ROVER SPORT.

Finding a 2018 Range Rover Sport is easy.

Finding one with just 8,650 original miles is something else entirely.

Finished in stunning Byron Blue Metallic over an elegant Ebony and Cirrus leather interior, this exceptionally low-mileage Range Rover Sport SE is the kind of vehicle enthusiasts wait years to find. Averaging barely over 1,000 miles per year, it has been remarkably preserved and still delivers the solid, refined feel of a much newer vehicle.

Under the hood is Land Rover's proven 3.0-liter Supercharged V6, delivering smooth, effortless power through an intelligent 4WD system and 8-speed automatic transmission. Whether

you're cruising Highway 1, exploring Carmel Valley, or heading to Tahoe for the weekend, the Range Rover Sport blends luxury, confidence, and capability like few SUVs ever built.

Finished in one of the Sport's most striking colors, this Byron Blue example is equipped with desirable features including:

- 14-way Power Memory Front Seats
- Premium Grained Leather Seating
- Meridian Sound System
- Navigation
- Heated Front Seats
- Front Center Console Refrigerator
- LED Headlights
- Surround View Camera
- Blind Spot Monitor
- Lane Departure Warning
- Premium 19-inch Split-Spoke Wheels
- Keyless Entry & Push Button Start
- An Exceptionally Rare Opportunity

With only 8,650 miles, this Range Rover Sport stands in a class of its own. Most 2018 models have accumulated many times that mileage, making this an extraordinary opportunity for someone looking to own one of the cleanest examples available today.

Vehicles this well preserved rarely remain on the market for long.

Why Buy From Land Rover Monterey

Every pre-owned vehicle we offer is carefully inspected before earning a place in our showroom.

Whenever available, we include 2 keys, along with our exclusive Monterey Vehicle Protection Package, featuring clear-film protection for the door edges and door cups, plus professionally applied interior and exterior protective sealants.
