This 2016 Land Rover LR4 HSE Silver Edition represents a capable and refined full-size SUV designed for those who demand both luxury and capability. The silver exterior finish provides a sophisticated appearance, while the interior appointments

reflect Land Rover's commitment to quality materials and thoughtful design. The vehicle comes equipped with a 3.0L V6 engine paired with an 8-speed automatic transmission and 4-wheel drive, delivering the performance characteristics buyers expect from this class. The suspension system features automatic leveling and four-wheel independent design, contributing to a smooth ride quality across various driving conditions. Standard safety features include electronic stability control, traction control, and a comprehensive airbag system designed to protect all occupants. Inside, you'll find leather seating surfaces, power adjustments for both driver and passenger seats, and genuine wood trim accents throughout the cabin. The Meridian audio system with eleven speakers provides quality sound for your daily commute or longer journeys. Climate control offers front dual zone automatic temperature management, allowing driver and passenger independent comfort settings. Practical features enhance daily usability, including a power moonroof for added openness, rain-sensing wipers that adjust automatically, and an exterior parking camera paired with rear parking sensors for added confidence when maneuvering. The split-folding rear seat provides flexibility for cargo configuration. Navigation and convenience features include a trip computer, tachometer, outside temperature display, and HomeLink garage door transmitter integration. This LR4 HSE Silver Edition offers the combination of premium interior appointments, capable all-wheel-drive capability, and practical features that appeal to those seeking a substantial and well-equipped SUV. We invite you to schedule a viewing and experience this vehicle firsthand.
