Description

Discover the 2026 Land Rover Range Rover Evoque S, a sophisticated compact luxury SUV that delivers refined styling and capable performance for the discerning driver. With only 6 miles on the odometer, this pristine white example is ready to become your trusted companion on every journey.

- Black Exterior Styling Pack
- Cold Climate Package
- 12-Speaker Meridian Sound System with SiriusXM
- Apple CarPlay & Android Auto Integration
- InControl Navigation Pro
- Heated Front and Rear Seats with Memory
- Power Moonroof
- Rear Parking Camera
- Auto High-Beam and Fog Lights
- Heated Windscreen and Washer Jets
- 19" Gloss Black Wheels
- Dual-Zone Automatic Climate Control

- Leather Steering Wheel and Shift Knob
- Electronic Stability Control and Traction Control
- Four-Wheel Independent Suspension

The sophisticated interior welcomes you with grained leather seat trim and heated front seats featuring driver memory functionality. Dual-zone automatic temperature control keeps all passengers comfortable, while heated rear seats ensure comfort for those in back. The power-adjustable driver seat with memory settings learns your preferred position and returns to it automatically. Premium audio comes through a 12-speaker Meridian sound system, and seamless smartphone integration via Apple CarPlay and Android Auto keeps you connected while maintaining focus on the road.

Modern convenience features enhance daily driving. The power moonroof floods the cabin with natural light, while the rear parking camera provides clear visibility when backing up. Navigation is handled by InControl Navigation Pro, and climate management extends to a heated windscreen and heated washer jets—particularly valuable in cold weather. Rain-sensing wipers and speed-sensitive adjustments adapt automatically to driving conditions, reducing driver distraction.

Safety and capability define the Evoque experience. Four-wheel independent suspension delivers composed handling, while electronic stability control and traction control work together to maintain grip in challenging conditions. Multiple airbags, including dual front and side-impact designs, provide comprehensive occupant protection. The security system and panic alarm offer peace of mind whether parked or on the move.

Engineered for versatility, the 2.0L turbocharged engine paired with a 9-speed automatic transmission and all-wheel drive provides responsive performance while achieving 20 city and 27 highway MPG. The Black Exterior Styling Pack adds purposeful curb appeal, complemented by the gloss black 19" wheels that command attention. A black contrast roof and body-color bumpers complete the cohesive design.

We invite you to experience this exceptional Range Rover Evoque S firsthand and learn how its combination of luxury, technology, and capability can elevate your driving experience.
