This Discovery Sport arrives finished in distinctive Black with meticulously detailed 20-inch wheels that command attention on any road. The turbocharged 2.0-liter engine paired with nine-speed automatic transmission and all-wheel drive provides responsive power while delivering 19 city and 23 highway MPG. With just 48 miles on the odometer, this new vehicle stands ready to become part of your drive.

The cabin balances luxury with functionality through dual-zone automatic climate control, heated front and rear seating, and a heated steering wheel—features that prove particularly valuable during demanding weather conditions. The Meridian premium audio system with eleven speakers transforms every journey into an immersive auditory experience, while Apple CarPlay and Android Auto integration keeps you seamlessly connected to your digital world.

Safety and awareness technology work together throughout this vehicle. Four-wheel independent suspension absorbs road imperfections while speed-sensing steering adapts to changing conditions. Auto High-beam headlights with headlight power wash ensure optimal visibility, supported by front and rear fog lights for comprehensive illumination.

The split-folding rear seat expands versatility for cargo management, while the power liftgate simplifies loading. Premium interior protection and storage solutions keep your belongings secure and organized. Memory seating with twelve-way heated electric adjustment for the driver means every journey starts exactly as you prefer it.

A comprehensive suite of airbags, electronic stability control, traction control, brake assist, and the InControl Protect emergency communication system work continuously to protect you and your passengers on every drive.

We invite you to visit our showroom and experience firsthand how the 2026 Discovery Sport Landmark brings together capability, comfort, and sophisticated design into one compelling vehicle.
