Description

2023 Land Rover Defender 110 SE: Sophisticated Luxury Meets Legendary Capability

The 2023 Land Rover Defender 110 SE represents the perfect synthesis of modern luxury and rugged versatility. Finished in striking Fuji White over a refined Khaki interior featuring Windsor leather front seat upholstery, this premium SUV commands attention wherever it travels. Designed for discerning drivers who demand both sophistication during daily commutes and unyielding performance on weekend excursions throughout the surrounding area, this Defender delivers an elevated driving experience. Every element has been crafted to provide exceptional comfort, advanced technology, and iconic design, ensuring you arrive at any destination in complete confidence and style. Feel free to visit our showroom to experience this impressive vehicle firsthand or call us at (754) 296-7602 to speak with a luxury vehicle specialist today.

Advanced Power and Unrivaled Capability

Under the hood of this Defender 110 SE resides an Ingenium 3L I-6 direct injection, DOHC, CVVL variable valve control, intercooled turbo, premium gasoline, engine with 395HP. This advanced mild-hybrid powertrain works seamlessly alongside a responsive ZF 8-speed automatic transmission and a permanent **All Wheel Drive** system to deliver effortless acceleration and exceptional control. Whether navigating slick highways or demanding trail conditions, the Terrain Response selectable mode transmission adapts driver-selectable steering effort and throttle response to optimize traction. With an EPA-estimated 18 city and 23 hwy MPG, this luxury SUV balances robust output with impressive efficiency. The vehicle features a 3.55 axle ratio, a two-speed transfer case, gas-pressurized shock absorbers, and independent front and rear suspension systems that absorb road imperfections with poise. Additional features such as Dynamic Stability Control with Roll Stability

Control, Hill Descent Control, and Hill Launch Assist ensure tailored performance across every driving scenario in the surrounding area.

Next-Generation Technology and Interior Refinement

Inside the cabin, the 2023 Land Rover Defender 110 SE connects driver and passengers to a world of intuitive digital innovation. Center stage is the PIVI Pro integrated navigation system, displayed on a crisp 10.2-inch primary touchscreen monitor with real-time traffic information and voice activation. The driver benefits from a 12.3-inch Interactive Driver Display digital gauge cluster screen that puts key metrics directly in the line of sight. Seamless connectivity is provided through Apple CarPlay and Android Auto smart device mirroring, front wireless smart device charging, and multiple USB ports throughout the cabin. Acoustic enjoyment is elevated by the 700W 15-speaker Meridian Surround Sound System powered by a 400W amplifier and digital signal processor. Maneuvering into tight spaces is effortlessly managed via the 3D Surround Camera system and ClearSight Ground View technology. Drivers interested in exploring these technology features in detail are welcome to contact our team directly or plan a trip to our facility.
