Description

Reacquired Vehicle. Balance of Factory Warranty through 9/29/2027 or 50,000 miles. Vehicle also comes with a 12 month/12,000 mile warranty from date of purchase which runs concurrent with the factory warranty from new. This Defender delivers a compelling blend of iconic off-road heritage, modern luxury, and unmistakable presence. Finished in crisp Fuji White paint over a warm, inviting Khaki leather interior, this versatile luxury sport utility vehicle stands out whether navigating urban streets or exploring rugged trails. Enhanced with the Black Exterior Package, bold alloy wheels, and the Cold Climate Package, it offers a bespoke aesthetic paired with thoughtful all-weather capability.

Beneath the sculpted hood lies a responsive turbocharged engine paired with a smooth-shifting automatic transmission and full-time All-Wheel Drive. Engineered to master diverse conditions, this Defender utilizes a twin-speed transfer box with high and low ranges alongside the intuitive Terrain Response system, optimizing throttle, traction, and chassis dynamics for tarmac, gravel, mud, or snow. Electric Power Assisted Steering, Dynamic Stability Control, and Hill Launch Assist provide confident handling, composed highway cruising, and effortless control on steep inclines.

The exterior commands attention through its unmistakable boxy silhouette, upright stance, and crisp Fuji White finish. The Black Exterior Package elevates the visual drama by introducing Narvik Black front and rear skid pans alongside Gloss Black hood and tailgate lettering, creating a sharp, high-contrast look against the bright white bodywork. Large alloy wheels further reinforce its athletic posture, while signature LED headlights with daytime running lights, front fog lights, and a side-hinged rear cargo door complete its purposeful, modern-classic profile.

Inside the cabin, rugged architecture meets seamless digital connectivity. The centerpiece of the dashboard is the intuitive Pivi Pro infotainment system, featuring connected navigation, wireless Apple CarPlay and Android Auto smartphone integration, and satellite radio. An Interactive Driver Display keeps vital trip and terrain data clearly visible behind the steering wheel. Music and audio are delivered with rich clarity through a premium Meridian Sound System, while wireless device charging keeps personal electronics powered without cluttering the console.

Confidence behind the wheel is supported by an extensive suite of intelligent driver assistance technologies. A Surround Camera system works in tandem with a full-perimeter Parking

Aid to provide comprehensive visibility when maneuvering in tight spaces or over uneven terrain. Adaptive Cruise Control helps maintain a safe following distance in highway traffic, while Lane Keep Assist, Blind Spot Assist, Emergency Braking, and Traffic Sign Recognition with an Adaptive Speed Limiter actively monitor your surroundings to enhance peace of mind on every journey.

The cabin pairs durable utility with refined comfort, highlighted by supple Khaki grained leather seating, an exposed structural cross-car beam, and a sliding panoramic roof that fills the interior with natural light. Heated power-adjustable front seats with memory settings and a heated steering wheel ensure immediate warmth on chilly mornings. Equipped with the Cold Climate Package, this Defender adds a heated windshield, heated washer jets, and headlight power washers to conquer harsh winter weather effortlessly, complemented by dual-zone automatic climate control, keyless entry, and a flexible split-folding rear seat.
